

Rice Lake Livestock/ Agriculture Utility Scale

The AG packs the performance of a SURVIVOR into a mid-size, mid-duty frame. The SURVIVOR AG comes complete with load cells, mounts, and a fabricated weighbridge for a concrete platform that offers top access to load cells.

The AG is available in concrete with a standard deck profile from 14 to 16 inches high, or with an optional steel deck. The AG is ideal for a variety of livestock and vehicle weighing applications.

Standard Features

- Widths up to 15 ft
- Lengths up to 43.75 ft
- Up to 30,000 lb full scale capacity in 5 lb increments
- For concrete deck (not included)
- NTEP Certified

Prices start at

\$11,810.00

Livestock Scales

Turner Scale, Inc.

A leader in scale installation and service in Alabama, Georgia, and Florida since 1980

Turner Scale, Inc. offers over 130 years of experience in the scale industry. We can handle all of your scale needs, whether it is purchasing and installing a new system, or maintaining your existing equipment.

Our technicians are licensed by the State of Alabama, Georgia, and Florida as required by law. We follow Handbook 44, MSHA, and OSHA regulations. Our test weights are certified by the State of Florida Metrology Laboratory, and are traceable to NIST Standards. Copies of certificates are available upon request.

- Deck, cage (with sheeting shown), and integral trailer package
- Rubberized deck and pen sides
- Cage includes 2 standard gates
- Rugged all weather powder paint
- Low deck height of only 6"
- 12 volt battery pack (recharged by tow vehicle)
- Integral air pump to lift and lower trailer air bag suspension
- Electric brakes. Can be used on any firm surface up to 6% grade
- Rubber T-belt on entry and exit
- Also available without trailer package
- NTEP Certified

Prices start at

\$16,570.00

Rice Lake Stationary Animal Scale

20,000 lb capacity from 12' x 7' to 22' x 9'

The MAS-LC provides reliable, accurate weighing for ranchers and processors that prefer a load cell based weighing system. For those that prefer a mechanical system, the MAS-LM has a mechanical pipe lever system. These scales feature steel I-Beam weigh bridge designs typically found in heavy capacity vehicle weighing scales. With a wide range of sizes, the MAS-LC or MAS-LM is the right choice for any stationary weighing application.

Standard Features

- Bolt-on racks and gates
- Durable X-Lug floor over steel I-beam
- Solid 48 inch kick panel sides
- Solid 48 inch kick panel gate
- Spring loaded latch on gates
- Scale collapses for shipping
- NTEP Certified

Prices start at

\$8,850.00
